### I. Who are we?

**BPM Wealth Advisors, LLC is an investment adviser (RIA) registered with the Securities and Exchange Commission offering advisory accounts, asset management and financial planning services on a fee basis.**

Registration with the SEC does not imply any level of skill or training. Advisory services and fees are significantly different from brokerage services and fees and it is important for you to understand the difference. Please review the SEC's websites [www.investor.gov/CRS](http://www.investor.gov/CRS) which contains free tools and additional explanations of these differences.

### II. What services do we provide?

#### Ask your Financial Professional:

- **Why is an advisory account the right choice for me?**

**We offer Financial Planning, Pension & Retirement Planning and Investment Management Services** tailored to the specific needs of clients on a non-discretionary or discretionary basis. A minimum of \$500,000 in investable assets is generally required to establish a client relationship with us; however, that minimum may be waived at our discretion based on other accounts or relationships with the client, related accounts or expected future additional assets. We are capable of transacting business in most types of securities; however, our business model generally utilizes equities, fixed income, mutual funds, and ETFs recommended by third-party money managers we identify, select and monitor. Discretionary authority means that we would have power to execute transactions without obtaining specific consent prior to every transaction. We will assist clients in determining investment objectives, general portfolio strategies and where appropriate, the selection of a third-party money manager. We will evaluate the overall strategy and performance of investment advisers selected.

**We review performance of money managers including routine due diligence, review of asset allocation, style drift; performance comparisons to similar management philosophies; and comparison to a comparable index.**

Account review consultations may also be requested by the client. Reviews typically look at performance and portfolio consistency with regard to risk tolerance, tax situation, time horizon, performance objectives, and asset allocation instructions.

### What are our legal obligations you?

**We will act in a fiduciary capacity in our dealings with you.** This means we will put your interests ahead of our own. We have adopted a Code of Ethics and Insider Trading policies and procedures. We observe applicable state and federal securities laws and ethical standards. We place the interests of clients and the execution of the client's transactions first. We disclose actual or potential conflicts. We are committed to safeguarding your confidential information and hold it in the strictest confidence.

### III. What fees will I pay and what are the potential conflicts of interest?

**Certain related persons of BPM Wealth Advisors, LLC are also investment adviser representatives of an unaffiliated registered investment advisory firm; registered representatives of an unaffiliated broker/dealer; and, insurance agents licensed with various unaffiliated insurance agencies and issuers.** These related persons may recommend investment advisers, broker dealers, custodians and/or securities or insurance products to customers. These individuals would receive fees or commissions if products are purchased through any such recommendation and will also receive indirect compensation and economic benefits related to such recommendations. These affiliations cause an inherent conflict of interest as these related persons would earn reasonable and customary fees, commissions and or 12b-1 fees on the sale of advisory, securities and insurance products. **Advisory clients are not required to effect transactions through these recommended entities and are under no obligation to act upon any recommendations.**

Our fees are competitive with those charged by other investment advisors in the area for comparable services. However, similar services may be available from other sources for lower fees.
